Fleet Audits in Petersfield

Directions to our offices

Petersfield, Hants is situated between Guildford and Portsmouth on the North/ South A3 trunk road, near its intersection with the East-West A272 road.

From A3 Northbound (from Portsmouth)

Immediately after passing through the South Downs at Butser Hill take the second Petersfield-signed junction on the A3 bypass for Winchester A272 and Alton A32. Leave the dual carriageway at this junction and at the roundabout at the bottom of the slip road, take the third exit (BP garage & McDonald's on your left) signed Petersfield.

From A3 Southbound (from London/ Guildford)

After passing Liphook and a set of services at Griggs Green stay on the A3 for 3 miles/ 5 km until you come to a roundabout (Ham Barn Roundabout). After the roundabout stay on the A3 and come off the junction signposted Winchester A272 and Alton A32. At the roundabout at the bottom of the slip road take the first exit from the roundabout (BP garage & McDonald's on your left) signed Petersfield.

From Winchester on the A272

Cross the A32 at the West Meon Hut pub. Stay on the A272 passing through the villages of Langrish and Stroud. When you reach the roundabout at the junction of the A3 (on the flyover) and the A272, take the second exit (BP garage & McDonald's on your left) signed Petersfield.

Directions Common to all above routes – along Winchester Road/ Station Road

After leaving the roundabout stay on Winchester Road until you come to a small roundabout – about 1/3rd mile/ 500m. At that roundabout take the third exit. On this road you pass a Volkswagen garage and the train station with level crossing. Once over the level crossing and the station access, take the 2nd turning on the right (Charles Street) with a Tesco One-Stop shop on left on the corner.

From Station Road (nearly there!)

Turn 1st left into Lavant Street. Our office is in the Barter Durgan & Muir building about 100 yards/ 100 m down Lavant Street on the left. Limited off-street parking may be available through the archway.

From the East – Midhurst etc – on the A272

Turn left where the A272 meets the B2070 ("the old A3") and follow for Petersfield. Take first exit off the small roundabout and follow to town centre, between Churcher's College and the Esso garage. Follow the one-way/ gyratory system (Tor Way), moving to the right lane when convenient. Take 4th exit and continue on Tor Way up to Station Road, then turn left. Follow Station Road for 400 yards/ 400 m to the 5th turning on left (Charles Street). Turn left. Then follow local directions from Station Road (see above).
